

BODEGA
NORTON

DESDE  1895

COLECCIÓN VARIETALES

Bodega Norton was founded in 1895 at the Mendoza River Valley. The estate winery is located at the foothills of the Andes, at altitudes ranging between 850 to 1100 m. above sea level. The climate at these altitudes is characterized by warm days and cool nights. This allows the grapes to mature slowly towards perfect ripeness, providing deep color, rich aromas and flavors.

This Cabernet Sauvignon is a lively ruby red colored wine, with a round and velvety structure. The palate is smooth with hints of roasted red bell pepper. Blackberries and ripe plums are found in its nice and concentrated bouquet. It is ideal to pair with grilled red meat and semi hard cheeses.
